Joining Instructions

Tilly Community Boat

HFR Solutions CIC provide safety solutions and rescue teams to business all over the country and we reinvest all our profits back into the community and into initiatives that match our vision and 'Tilly' the community canal boat is just one of our many initiatives.

- Tilly was built in 2019 and is moored at Staniland's Marina in Thorne.
- We provide day trips out at no cost to community groups, and welcome people of all ages and abilities.
- Our canal boat is operated by our trained skippers and crew who have undertaken nationally accredited training.
- Tilly has a lift to offer full wheelchair access, there is a toilet and a well-equipped kitchen on board.
- We hope to offer your group a special day out on board Tilly.

- We will provide all life jackets needed for the trip.
- Please consider the time of the year and wrap up accordingly.
- Please wear flat nonslip shoes or trainers.

OUR TRIPS

- We will provide tea, coffee and water and a light lunch which consists of pizza – please ensure you fill in the booking form letting us know if anyone in your group has any food allergies. You are welcome to bring your own food aboard.
- We are moored close to the Barge Inn for groups to stop off at the end of a sailing to enjoy food and drink. This will be at the groups cost to do so.

IMPORTANT INFORMATION

We can take groups of up to 12 personnel on each trip, but this will be reduced depending on how many wheelchairs in any one group. Due to canal and river trust regulations and our insurance, we cannot take more than 12 personnel on each trip.

Smoking is only permitted outside of the canal boat.

Life jackets are recommended to be worn at all times by all passengers under the age of 18 when on deck or leaving the boat temporarily. All other passengers are recommended to wear lifejackets when leaving the boat temporarily.

Whilst onboard, you are accountable for the wellbeing of those in your group, while we are responsible for the safe operation and management of the vessel.

Group leaders will be responsible for assessing the level of carers needed for each trip and ensuring that the number present is adequate. A health and safety briefing will be given by the skipper prior to the trip commencing. Group leaders are responsible for ensuring that their group all follow these instructions.

Our skipper on the day has the right to cancel the trip booked or to review it if he/she deems supervision to be inadequate.

Our skippers and crew members will not tolerate any violence, abuse and threatening behaviour towards them or other members of the community and reserve the right to stop the trip at any time.

HOW TO FIND US:

Address:
Staniland Marina
Lock Hill
Doncaster
DN8 5EP

What3words: [///method.action.bloom](https://www.what3words.com/#!/method.action.bloom)

PARKING

As you enter the marina, please be aware of tractors and any other machinery around you, follow the road straight until you reach the Barge inn. Please park behind the Barge Inn, and you will find Tilly moored next to the blue boat house on the left hand side and you near the Barge Inn.

Your vehicles can be parked free of charge on the marina grounds, however all vehicles, along with their accessories and contents are left at the owner's own risk. HFR Solutions will not be responsible for theft, loss or damage to them.

Whilst all trips on Tilly are provided free of charge, any donations will be greatly received on the day to ensure that we can continue to provide this service to the communities of the region.
